### Farmer-Veterans Actions

As regular readers have taken note, various individuals and groups have been discussing ways to help Vets interested in transitioning to a career/employment in agriculture. New Hampshire Farm Bureau has now established an organizational body to help get this accomplished. Please pass this on to any you know who wish to be involved.

In related developments a small group of us will be meeting in early February to put develop workshops in Spring/Summer. Any ideas of subject matter you think should be included is welcome as well as contact info regarding possible participants.
